## **Purpose and Mission Statement**

The **PURPOSE** of Choices Clinic is to uphold the biblical belief that God has created human life in His own image and that human life is sacred. Hence, human life should be safeguarded and protected from the moment of conception until natural death.

Therefore, the **MISSION** of Choices Clinic is to serve our community by empowering individuals to make life-affirming decisions through confidential medical services, education, and emotional support while compassionately sharing Biblical truth and Christ's love.

In addition, for anyone who has been affected by abortion, Choices Clinic will offer a program to facilitate healing through the grace and mercy of Jesus Christ. We shall demonstrate our conviction within the bounds of Christian character and love, looking to the Scriptures to be our model and the Holy Spirit to be our Guide.

Therefore, the **VISION** shall be:

- 1) To be the **FIRST CHOICE** in our community for women and families facing unplanned pregnancies.
- 2) To eliminate the need for abortion by providing life-giving alternatives including parenting and adoption.
- 3) To educate our community from a biblical perspective on sexual health (including sexual purity and STDs) and pregnancy options.
